BSBC 404 C (For Geography students only)

Geography being a field based study 1/3rd skill formation in the same subject is necessary by the end of IV Semester. The area of Physical Environment and Socio – cultural elements must be identified in the field. Hence, 1½ month of the semester duration must be utilized to teach the students about the same. In the next half the students are to be evaluated by two locally conducted field works in groups i.e. (a) Physical (b) Socio – cultural aspects.

Techniques to be used:

- a) Depiction of Relief Features with the help of contours and profiles
- b) Cartographical techniques – pie diagram, age - sex pyramid, graphs, etc.
