OUR LOGO

The logo of the College represents the selected portion of well-known shloka from the Brihadaranyaka Upanishad (i.iii.28)

*Asato ma sadgamaya
tamaso ma jyotirgamaya
mrityormamritamgamaya*

Which means

- ◆ Lead me from all that is untrue and unreal to what is real and true.
- ◆ Lead me from darkness to light; ignorance to knowledge.
- ◆ Lead me from death to immortality.

The five stars inside the elliptical rings symbolize the five original administrative divisions of erstwhile NEFA (Arunachal Pradesh). The fruit laden tree in the centre reflects the efflorescence of knowledge from the cradle of learning amidst the greenery of the campus.

OUR VISION

To Establish ours as a leading College, providing higher education of excellence with integrity, consistence and due diligence.

OUR MISSION

To prepare future generation with academic excellence and practical skills needed to face national and global challenges and lead the country into the world of future.

From the
PRINCIPAL'S DESK

Dear Students,

It is my pleasure to welcome you to Jawaharlal Nehru College, Pasighat. We believe that education is not only about imparting knowledge but also about inspiring students and helping them realise their true potential.

As we begin a new academic session, I am pleased to share that our institution continues to implement the National Education Policy (NEP) 2020 under the guidelines of Rajiv Gandhi University, Doimukh. The policy provides students with greater flexibility in choosing subjects across disciplines and encourages them to develop the knowledge, skills, and values required to become responsible and capable citizens.

Since its establishment in 1964, Jawaharlal Nehru College has remained committed to providing quality higher education. Guided by our motto, "**Tamaso Maa Jyotirgamaya**" (From Darkness unto Light), the College has always worked towards creating an environment that promotes academic excellence, discipline, and personal growth. Along with academics, we encourage students to participate actively in co-curricular and extracurricular activities, helping them build confidence, develop leadership qualities, and discover their talents.

I am fortunate to work with a team of dedicated teachers and supporting staff who are committed to providing the best possible learning environment for our students. We believe that every student has unique abilities, and our aim is to help them develop these abilities through proper guidance, encouragement, and opportunities. We also strive to instil in our students a spirit of lifelong learning and a sense of responsibility towards society.

I am confident that your time at Jawaharlal Nehru College will be rewarding and memorable. The knowledge, values, and experiences you gain here will prepare you to face future challenges with confidence. I wish you every success and a fulfilling academic year ahead.

(Dr. Gindu Borang)
Principal
Jawaharlal Nehru College,
Pasighat

PROFILE OF THE COLLEGE

Established on 3rd July 1964, Jawaharlal Nehru College, Pasighat is the premier and oldest Government institution of higher learning in Arunachal Pradesh. The College is spread across two campuses—an Upper Campus and a Lower Campus. The Upper Campus, located 3 km from Pasighat town and 1 km from the Lower Campus, houses the administrative block, academic departments, and the library. The Lower Campus, situated within Smart City Pasighat, primarily serves as the residential area for students and staff.

The College shifted to its present campus in 1967 and remained the State Government's only institution of higher education until 1978. Initially functioning from the Assam Rifles barracks, Jawaharlal Nehru College began its academic journey in 1964 with just 42 students and 8 faculty members in the Arts stream. Today, the College caters to more than 4,000 students annually and provides hostel facilities for both boys and girls. Students can choose from 14 subjects across the Arts, Science, and Commerce streams. From the current academic session, subject to the appointment of faculty by the Government, the College proposes to introduce the B.A. in Mass Communication programme. In addition, the College offers postgraduate programmes in History, Geography, Hindi, and English, each with an intake capacity of 30 students. The College has a dedicated team of 87 faculty members from across the country with expertise in their respective fields of teaching and research.

The dual-campus setting provides a peaceful academic environment away from the distractions of urban life. The College also houses a historic war trophy, the T-55 Recovery Tank, and a DBT-sponsored Institutional Biotech Hub, promoting patriotism and scientific awareness among students. It provides strong student support facilities, including skill-based computer education and a fully automated, Wi-Fi-enabled library. The library is one of the major academic resources of the College, with a collection of around 45,000 books, including several rare publications on Northeast India.

The College publishes two academic journals—*Arunachal Vision* (ISSN 2321-4201) in English and *Arunagam* (ISSN 2394-2665) in Hindi—which provide a platform for research and scholarly writing. It was accredited by NAAC with Grade B++ in 2006, Grade A in 2014, and Grade B in 2019. The College is also the first and only institution affiliated with Rajiv Gandhi University, Doimukh, to have been awarded the **College with Potential for Excellence (CPE)** status by the UGC in 2010, which was renewed in 2014. The College takes pride in its distinguished alumni, many of whom have made significant contributions to the development of Arunachal Pradesh.

Jawaharlal Nehru College, Pasighat continues to strive for excellence in all its academic and administrative activities, with the commitment to providing the best possible learning environment and opportunities for its students.

4-YEAR UG PROGRAMME UNDER THE NEP 2020:

From the academic session 2023-24, Rajiv Gandhi University is introducing 4-year UG programme under the New Education Policy 2020, which is mandated by the Government of India. The new system offers many new provisions to students, like multiple entry and exit in academic programmes throughout the course of graduation and postgraduation, Common University Entrance Test (CUET), Internship/Apprenticeship embedded degree programme, Academic Bank of Credits with curriculum and credit framework for undergraduate programmes, etc.

The new curriculum consists of major stream courses, minor stream courses and courses from other disciplines, like language courses, skill courses and set of courses on environmental education, understanding India, digital and technological solutions, health and wellness, yoga education, and sports and fitness. The minor stream courses include vocational courses, which will help the students to equip themselves with job-oriented skills.

The undergraduate (UG) programme in a particular discipline/stream will consist of 8 categories of courses, spanning the 3-year UG and 4-year UG (Honours) or UG (Honours with Research) programmes. Outline of the Course Structure of the 4-year undergraduate course is given below:

Courses→	Major Course (CC)		Minor Course (MC)		Multidisciplinary Course (MDC)		Ability Enhancement Course (AEC)		Skill Enhancement Course (SEC)		Value-Added Course (VAC)		Summer Internship / Research		Total Credit

	Major-24	4																			
Total Credits: Major		94	Minor→		32	MDC→		9	AEC→		8	SEC→		9	VAC→		6	Int/Res→		14	160
Students who want to undertake UG Honours with Research will offer only one major paper in 8th Semester, coupled with a Research Project of 12 credits.																					

Honours students not undertaking Research in the 4th year will have to offer 3 courses/ papers for 12 credits in lieu of a Research Project/ Dissertation for fulfilment of an Undergraduate Degree with Honours.

Since the new National Education Policy 2020 offers multiple entry and exit throughout the academic programme, a student can exit a course at the end of any even semester throughout the entire 4-year course. Any such student will be awarded a certificate proportional to the credit balance he/she has in his/her academic bank. This makes the Academic Bank of Credits (ABC) an indispensable part of the entire programme under NEP 2020. || GENERAL INFORMATION ON POST GRADUATE COURSES

- ❖ Students failing in the First Semester are not eligible for re-admission.
- ❖ A student must attend 75% lectures, tutorials, seminars etc. organized by the department during each Semester to be eligible to appear in the examination.
- ❖ A student must obtain a minimum of 40% marks in at least two sessional assessments in each theory paper in a Semester to qualify for appearing in the Semester end examination. In case of Geography, a student has to secure 40% marks in the practical sessional assessment also.
- ❖ Courses shall be evaluated in two parts, i.e. internal assessment for 20% and Semester end examination for 80%. To pass M A examination, a candidate must secure 40% marks in internal assessment, practical papers and Semester end examination separately. However, the aggregate marks secured in each Semester should be at least 45%.
- ❖ Candidates securing 45% and above but less than 60% marks will be placed in Second Class and those securing 60% and above will be placed in First Class. In case of improvement, the result will be decided on considering the improved marks obtained by a candidate.
- ❖ To move from I to II Semester, a candidate must pass at least two theory courses and all the practical courses of the I Semester with 45% marks in aggregate. A candidate unable to do so should be out of the programme and would require seeking fresh admission as per admission criteria in force from time to time. The same criterion is applicable for movement from II to III and III to IV Semester.

|| QUALITY ASSURANCE AND UPGRADATION

A TEACHING (UG)

◆ Digitalization of classrooms:

The revival in Information Technology has changed the system of imparting higher education in India altogether at par with the international standards. The use of chalk pencil and black boards in the classroom is being increasingly replaced with the adoption of information technology that explores limitless possibilities in the process of teaching and learning. The younger generation today longs for the innovative method of teaching that is up-to-date, entertaining, as well as user friendly. The digitalization of classrooms involves the process of making use of laptop, LCD projector and other modern gadgets, like Interactive Smartboard for creating an ambience of effective teaching in the classroom. The use of such gadgets in the classrooms will surely bring about a noticeable change in the quality of education being imparted.

◆ Digital Language Laboratory:

Teaching students the basic language skill and the fundamental of phonetics is an uphill task without the use of a language lab. Owing to the lack of proper exposure to English language and its nuances the speech pattern of the students at the college and the adjoining districts hasn't been very encouraging. To help the students minimize their errors especially in spoken English, a Digital Language Lab has been established in the college. It is the first of its kind among the colleges of Arunachal Pradesh to benefit thousands of aspiring students. It is expected to shape innumerable personalities for tomorrow's corporate world.

◆ All India Survey of Higher Education (AISHE):

To portray the status of higher education in the country, Ministry of Education, Government of India has set up a web-based portal to conduct an annual All India Survey on Higher Education (AISHE) since 2010-11. The survey covers all the Institutions in the country engaged in imparting higher education. Data is being collected on several parameters such as teachers, student enrolment, programmes, examination results, education finance, infrastructure etc. Indicators of educational development such as Institution Density, Gross Enrolment Ratio, Pupil-teacher ratio, Gender Parity Index, Per Student Expenditure, etc will also be calculated from the data collected through AISHE. These are useful in making informed policy decisions and research for development of education sector.

B EXTENSION ACTIVITIES

◆ **Urban Health & Wellness Centre- Sub Centre (UHC-SC)/ Health & Sanitation Centre:**

Higher education is imbued with some societal responsibilities as well. It is a moral responsibility on the part of this premier institution to spread the awareness about the dreaded diseases in the society like cancer, aids etc. Through the health club of the college such awareness is spread for a healthy society growing side by side. With the help of special awareness camps organized in association with the Department of Health the college hopes to create a healthy atmosphere in the college campus in the years to come. Such a venture will not only prevent the students from taking recourse to unhealthy practices like smoking and drinking, but will also make the people aware of the hazards of these habits. To monitor the health and hygiene of the students and staff and to give first aid to the residents of the campus a government run health centre is functioning in the lower campus. Doctors and staff are available on all working days.

Coordinator: Mr. Dutem Siboh, Asst. Prof., Physics.

|| CENTRE FOR PROFESSIONAL COMPUTER COURSE

Since 2008, the college has been running a vibrant self-financed centre offering professional computer education through two recognized units: the Centre for Computer Education (CCE) and the Extended Centre for Computer Education (ECCE). Approved by the Director of Higher and Technical Education, Govt. of Arunachal Pradesh, these centers offer one-year . A compulsory practical exam at the end of the course is required for certification. **Seat Availability:** A total of 180 seats are available jointly through CCE and ECCE, reserved exclusively for bona fide students of JN College. Admission is granted on a first-come, first-served basis, ensuring that our students receive priority access to these popular computer courses.

Logistics & Facility: We are equipped with a state-of-the-art computer lab comprising a total of 60 working computers. These computers are specifically designed to facilitate effective teaching and learning across various courses offered by our centres.

Course Offered: Our flagship program is the “Post Graduate Diploma in Computer Application (PGDCA),” a comprehensive one-year course that covers a wide range of computer applications. This program is meticulously designed to provide students with a strong foundation in computer science and practical skills in computer applications.

Fee Structure: To ensure convenience for our students, the total course fee for the PGDCA program is set at Rs 7000/- (Seven Thousand Only). The fee can be paid in two instalments:

- **1st Instalment:** **Rs 4000/-** This amount is payable at the **Time of Admission** to secure your seat in the program.
- **2nd Instalment:** The remaining balance of the fee is payable in the **Mid-Session**, as specified by the college administration. This allows students to manage their financial obligations more effectively.

We believe that these payment arrangements provide flexibility and ease the burden on students, allowing them to focus on their studies and achieve academic success. And a comprehensive course in computer education will certainly empower our students with the skills and knowledge needed for a successful career in this ever-evolving digital era.
