

# JAWAHARLAL NEHRU COLLEGE, PASIGHAT

Established :: 1964

**a NAAC accredited institution**

Located on the idyllic Hill Top complemented by the stunning views of river Siang, Jawaharlal Nehru College, Pasighat is enviably the oldest institution of higher learning in Arunachal Pradesh. The college made its academic sojourn with just 42 students and 8 faculty members in Arts stream in the barracks of Assam Rifles on 3<sup>rd</sup> July 1964 and was shifted to its present site in 1967.

Sprawled opulently over two campuses i.e. the upper campus and the lower campus, the college creates the perfect ambience for teaching-learning away from the humdrum of city life. The upper campus, just 3 kms away from the centurion town Pasighat and 1 km from the lower campus, houses the administrative block, teaching departments and library. The lower campus is primarily the residential campus for both students and staff.

Although Jawaharlal Nehru College, Pasighat, remained the lone institution of higher learning in the state till 1978, today when many more colleges in the state have come up, it still remains the most sought after institution for the youngsters who repose faith in its academic splendour and take pride in its imposing ambience. As imparting quality education remains the main plank of enterprise at Jawaharlal Nehru College, no stone is left unturned here to prepare the students for a brighter horizon that they often dream of during their youth. It goes to the credit of the college that its alumni cover the coveted Who's Who list of the state in various fields.

After more than five decades of its historic existence, today the college proudly nurtures around 4000 students every year, ready to take on the challenges of the present time with intellect and vigour. They are chiselled with precision for them to carve a niche for themselves by a team of more than 65 dedicated faculty members drawn from different parts of the country and the state having expertise in their own field of research and teaching. With a platter of 14 subjects to choose from 3 different streams viz. Arts, Science, and Commerce, the students enjoy ample academic flexibility. Till date, the college has consistently maintained its leading position in providing the best infrastructural facilities to the students with skill enhancing computer education, and a very rich library that is the repository of some of the rare publications of North-East India.

In the noble endeavor to further the cause of Higher Education in the state, yet another feather has been added to the annals of glory of the college by introducing Post Graduate programmes in the department of History, Geography, and Hindi with intake capacity of 25, 15, and 20 seats, respectively.

As a giant leap towards academic excellence, Jawaharlal Nehru College, Pasighat, scripted history when in recognition of its immense contributions to the cause of higher education in the state and country as a whole for long 50 years, the college was accredited **Grade 'A'** (Cycle 2), the highest grade by the National Assessment and Accreditation Council (NAAC), in the year 2014. It also earned the reputation as the first and only college in the state affiliated to Rajiv Gandhi University, Itanagar, to be conferred with "**COLLEGE WITH POTENTIAL FOR EXCELLENCE**" (CPE) status by University Grants Commission (UGC), New Delhi, in 2010, and was re-conferred the same in 2014.

In 2019, the college was accredited Grade 'B' (Cycle-3) by the NAAC, Bengaluru.

## **QUALITY UPGRADATION AND ASSURANCE**

### **A. TEACHING (UG)**

#### **i) Upgradation of Departments:**

Being the oldest institution of higher learning in the state, Jawaharlal Nehru College, Pasighat, has catered to the needs of the students in all the three streams viz. Arts, Science and Commerce quite nicely. With student strength of over 3700, the college, in fact, has become a model college for the young aspirants who have relied on its excellence in the academics and the glory it emits. On the basis of annual result, research potentiality and other activities 5 (five) departments of the college have been earmarked for being designated as highly rated departments. May it be examination result, participation in seminar or other co-curricular activities, the Department of History, Geography, Education, Botany and Commerce have shown their unbound potential in ushering a new era in imparting quality education to the students of the college beyond speculation. These departments are now equipped with the modern research oriented amenities so as to create an environment of high class teaching and learning in the college leading to the creation of an academically sound society.

#### **ii) Digitalization of class rooms:**

The revival in Information Technology has changed the system of imparting higher education in India altogether at par with the international standards. The use of chalk pencil and black board in the class room is being increasingly replaced with the adoption of information technology that explores limitless possibilities in the process of teaching and learning. The younger generation today longs for the innovative method of teaching that is up-to-date, entertaining, as well as user friendly. The digitalization of class rooms involves the process of making use of laptop, LCD projector and other modern gadgets, like Interactive Smartboard for creating an ambience of effective teaching in the class room. The use of such gadgets in the classrooms will surely bring about a noticeable change in the quality of education being imparted.

#### **iii) Digital Language Laboratory:**

Teaching students the basic language skill and the fundamentals of phonetics is an uphill task without the use of a language lab. Owing to the lack of proper exposure to English language and its nuances the speech pattern of the students of the college and the adjoining districts hasn't been very encouraging. To help the students minimize their errors especially in spoken English, a Digital Language Lab has been established in the college. It is the first of its kind among the colleges of Arunachal Pradesh to benefit thousands of aspiring students. It is expected to shape innumerable personalities for tomorrow's corporate world.

*Coordinator: Dr. S.K. Sinha, Associate Professor, English. +91 94360 68579*

#### **iv) Sales Management:**

Three Months Certificate Course in Sales management is conducted by the Commerce Department (approved by the Secretary Education, government of Arunachal Pradesh).zx

*Coordinator: Dr. Manjung Mossang, Assistant Professor, Commerce. +91 9402645109*

### **B. EXTENSION ACTIVITIES:**

#### **i) Environmental Club:**

The protection of environment is the prime duty of each and every individual that cannot be compromised upon. All those who are associated with the college have some sort of responsibility towards creating mass awareness by special campaigns to save the ecology and environment from degradation. With the formation of an environmental club the college is determined to make the public aware of the importance of the protection of environment for a brighter tomorrow. The members of the club will have a mission to go for a green earth by every possible means. Arunachal Pradesh being a hot spot for exotic flora and fauna the need of such club is a pressing one. The environmental club is operational in this college to cater to this need.

*Co-ordinator: Mr. Kani Burang, Assistant Professor, Geography. +91 70053 81613*

**ii) Entrepreneurship Development Cell (EDC):**

The major objectives of the EDC are to promote innovation, creativity, self-employment and entrepreneurship among the students in particular and the society in general; and to organise and conduct training programmes for self employment and entrepreneurship. Help the entrepreneurship in all respects in setting up their entrepreneurial ventures which includes small and micro business enterprises, cottage industries, small scale units.

*Co-ordinator: Dr. D.P. Panda, Associate Professor, Commerce. +91 98624 84893*

**iii) Adventure Sports and Gymnastic Activities:**

Apart from quality education the physical fitness is of paramount importance in higher education. A healthy mind needs a healthy body for all round personality development that cannot be ignored. To make the students and staff of the college physically fit for better academic environment it is extremely essential to create a gymnasium in the college with the modern gymnastic items. Since there is a plenty of opportunity for the development of adventure sports in the region as well, some equipment related to it will add thrill to the process of learning in the college.

*Co-ordinator: Mr. Eruk Libang, Assistant Professor, Physics. +91 70056 97268*

**iv) Creation of Health Awareness:**

Higher education is imbued with some societal responsibilities as well. It is a moral responsibility on the part of this premier institution to spread the awareness about the dreaded diseases in the society like cancer, aids etc. Through the health club of the college such awareness will be spread for a healthy society growing side by side. With the help of special awareness camps organized in association with the dept. of health the college hopes to create a healthy atmosphere in the college campus in the years to come. Such a venture will not only prevent the students from taking recourse to unhealthy practices like smoking and drinking but will also make the people aware of the hazards of these habits.

**v) Photography Club:**

Arunachal Pradesh is blessed with the bounty of nature that must be realized in day to day life. The beautiful landscape along with its snow clad hills and dancing rivulets creates an unforgettable memory of the lifetime that must be captured in camera and shared with others. The purpose of the photography club of the college is to make the exotic flora and fauna of the region lively in picture on regular basis and share it with others in the college to fall in love with. Such an initiative will not only arouse the interest in all to explore nature but will also make the rare orchids and plants of the area being discovered by other parts of the country.
